[REDACTED], can you confirm whether the attached short notification of Grant is sufficient? While short, it is based on a letter issued for a similar amount last FY within a Higher Education division within main SG.

Some points to note. Do we need to refer to the fact that the Funds have been transferred from SG or can it be internal to TS only? I have not included a reference to reclaiming the same sum back next year. I did not think this was necessary as this is a stand alone letter for this FY only. A similar letter will, of course, have to be issue to TRBJB.

I shall not be in the office Thursday or Friday, but it would be very helpful if you could reply to Lesley who will hopefully be back, and able to action as required in advance of next week's scheduled payment.
