[REDACTED],

I am struggling to get the breakdown of this to you today as [REDACTED] is on a course and [REDACTED] is on holiday. Both are back on Monday.

However, we did make a total saving in our Revenue Spend of £314,000 against Grant as reported in the last Quarter Report of 2011/12. Within this sum there will be the efficiency savings but I would like to speak to [REDACTED] and [REDACTED] before confirming the sum.

Is this good enough for you today and for us to confirm the exact sum on Monday?

Barry

Barry,

As part of the Efficient Government Out-turn Statement for the year 2011/12 I have been asked to report FETA efficiency savings for 2011/12.

In November you reported that FETA was on target to achieve a £200,000 efficiency saving. Can you please confirm the out-turn saving?

I have been asked for this at very short notice and your earliest response would be most appreciated.

Regards,
