Barry, [REDACTED]

Please see email below regarding Scottish Government efficiencies. I have been asked to provide a response identifying and reviewing FETA efficiencies for FY 2013/14. Can you please provide me with any FETA efficiency plans for this year by 28 June.

Subject: EFFICIENCIES 2013-14

Good afternoon all,

You will be aware that we have just completed the monitoring of the Efficiency Returns for 2012-13 – thank you all for your assistance there. I am attaching a table which details the efficiencies

reported. This will hopefully be of assistance to you on looking even further ahead. This process, as you know, rumbles on each year, with new targets to be identified and met.

As you can imagine, I am now looking for you all to identify and review efficiencies for the year 2013-14. Can I ask that you get back to me with efficiency plans for this year (2013-14)? We will be looking to review these at the end of the first quarter, which is imminent. Can I therefore request returns from yourselves by **28th June 2013 ?**

Please note, the target for TS this year (as for all other bodies) is 3%, so grateful as always to have your contributions to the target.

Many thanks.
