Barry,

Please see email below and attachment. As per last year, can you please provide me with an update on the estimated efficiency savings for FETA during 2012/13. I suspect that there will be a change as the unclaimed £106,670 within the revenue allocation has now been granted.

Please call if you wish to discuss or require any further clarification.

Regards,

[REDACTED]

Good afternoon all,

It is that time of year again when we are required to review and take a progress update on the status of Efficiencies for the year 2012-13. Clearly we have entered the final quarter of the year and so we will require to prepare an updated progress report on all areas to ensure that they are on target to achieve the planned efficiencies for the year.

To that end, I am attaching a copy of the latest figures provided by you all by way of update provided at October 2012 and would ask that you review them once again for your areas and report back to me on progress for the year by close of play 18th March 2013 please.

Many thanks for your help.
